

The Verity™ Collection

Square and True

The new Verity Collection from Symmons

Two key terms in every level of construction are square and true; ensuring that building materials and elements are installed “square” to other structures and “true” to their accuracy and alignment.

These concepts of precision led to the new Verity Collection from Symmons. Verity aligns trend-forward square contemporary designs with an affordability that puts high-end details within budget.

With a foundation of more than 80 years of design quality and durability, the Verity Collection includes lavatory faucets, shower systems, and a full array of bath accessories, all available in three elegant finishes: Matte Black, Polished Chrome, and Satin Nickel.

ON-TREND AND ON BUDGET

Upscale square contemporary styling without the penthouse pricing.
