

# Dia **ActivSense™** Collection

## Look Mom, NO HANDS!

**Reliability and performance that can't be touched, in a fixture that doesn't need to be.**

Gone are the days of hands-on fixtures. Luckily, so are the auto-sensing units that are synonymous with airport bathrooms. Difficult to install, hard to maintain and just as hard to operate. These faucets and soap dispensers don't work in the new normal. **The future is ActivSense.**

MODEL: S6350B

Available in chrome, satin nickel and matte black.

### **CUSTOMIZED WITHOUT COMPROMISE**

Control the things that matter: flow rate, security, and sensor range are all adjustable via remote control, so the faucets can be customized to your specific needs.

### **EASY TO INSTALL, EASY TO MAINTAIN**

Designed to make installation fast and hassle-free. Ongoing maintenance is simple, with the option for hardwired AC installation, or easy access standard AA batteries perfect for retrofit applications.

### **5 YEAR WARRANTY. LIMITLESS PEACE OF MIND.**

Others can't touch our quality, but should anything go wrong, know that they can't touch our customer service either. Let us know the issue. We'll make things right because it's the right thing to do.

- ✓ **RELIABLE:** Built with ActivSense™ technology which offers unmatched reliability and adjustability.
- ✓ **DURABLE:** High-quality commercial-grade brass designed to take a beating.
- ✓ **EASY TO INSTALL:** Installs in less than 5 minutes with only a drill and screwdriver. Ongoing maintenance is a breeze.
- ✓ **MODERN LOOK:** Available in chrome, satin nickel and matte black.
- ✓ **VERSATILE:** Available in standard or integral mixer versions, with 0.35 and 1.0 aerators included.
