

Pump Up the Volume with HydroMersion!

At Symmons, we know a bit about fluid dynamics. Our new HydroMersion Technology has been integrated into our new line of showerheads and hand shower wands to transform code-restricted flow rates into full, immersive experiences.

HydroMersion showerheads and hand shower wands channel the incoming water flow through a series of precision-molded EverFlow™ spray nozzles to increase the outgoing force, for a full, immersive experience.

Experience

Combine HydroMersion showerheads with Temptrol® shower valves for the ultimate shower experience.

Force

HydroMersion's fluid technology channels today's limited flow rates into best-in-class force.

Variety

Dial in one of the 7 unique modes, from the gentle misting Spa mode to tension-relieving Massage.

The all-new HydroMersion showerheads and hand shower wands get it right, and deliver a shower experience that's easy to love but difficult to leave.

SHOWERHEADS AND HAND SHOWER WANDS

HydroMersion™ Single Function

The new single-function showerheads and wands give your daily routine a boost with increased flow and full shoulder-to-shoulder coverage.

Single-function wands also feature a Pause button—a non-positive shutoff that safely reduces full flow to a trickle for ADA compliance.
