

ActivSense® Collection

Reliability and performance that can't be touched, in a fixture that doesn't need to be.

Gone are the days of hands-on fixtures. Luckily, so are the auto-sensing units that are synonymous with airport bathrooms. Difficult to install, hard to maintain, and just as hard to operate. These faucets and soap dispensers don't work in the new normal. **The future is ActivSense.**

**CUSTOMIZED WITHOUT
COMPROMISE**

Control the things that matter: flow rate, security, and sensor range are all adjustable via remote control, so the faucets can be customized to your specific needs.

**EASY TO INSTALL,
EASY TO MAINTAIN**

Designed to make installation fast and hassle-free. Ongoing maintenance is simple, with the option for hardwired AC installation or easy-access standard batteries (AA or D), perfect for retrofit applications.

**10-YEAR WARRANTY.
LIMITLESS PEACE OF MIND.**

Others can't touch our quality, but should anything go wrong, know that they can't touch our customer service either. Let us know the issue. We'll make things right because it's the right thing to do.

Sereno® **ActivSense®** Collection

All the Right Angles!

Form and function intersect with hygiene, thanks to ActivSense® touchless technology.

The cylindrical 90-degree design of the Symmons® Sereno® ActivSense® Faucet and matching Soap Dispenser looks right at any angle.

With no handles, no hassles, and no waste, your commercial bath spaces will look sharp, stay clean, and save water, soap, and energy.

MODEL: S6430B
Available in Chrome and Stainless Steel.

TOUCHLESS

Thanks to the most responsive touchless sensor technology available, ActivSense eliminates the typical faucet frustration factor. Sereno's faucet and soap dispenser sensitivity ranges are configurable via remote control.

SUPER SAVER

Save water and energy by eliminating wasted water with timed durations and 100% shutoff. All ActivSense faucets have configurable durations for your specific situation.

PERFECT 10

We're so confident in the quality of our commercial products that we back them for an unprecedented 10 years—the best in the industry. If you have an issue, we'll make it right.

- ✓ **RELIABLE:** Built with ActivSense technology to offer unmatched reliability with configuration options.
- ✓ **DURABLE:** High-quality commercial-grade solid brass bodies with durable finishes.
- ✓ **EASY TO INSTALL:** Installs in less than 5 minutes with just a few common tools. Refill soap in a few seconds.
- ✓ **STYLISH:** Available in Chrome or Stainless Steel finishes.
