Fre-Flo institutional shower head with adjustable spray. Nozzle-type design for maximum protection against hard water mineral build-up. Anchor plate mounting bracket, all mounting fasteners for valve and head are vandal resistant recessed hex socket type.

**Suffix A:** Anchor plate to simplify mounting on ceramic tile

**Suffix B:** Back plate and thru bolts for extra thick wall

### Standard Installation

- Head pushes onto mounting bracket and is secured with a single heavy duty socket head screw (for maximum vandal proofing fill socket head with solder or putty).

- The back section of head contains an o-ring that seals on machined diameter of mounting bracket- clean and grease mating part before head installation onto mounting bracket.

- Wood screws and anchors (supplied) secure mounting bracket to wall
