The ReadyStock program from Symmons assures you that our most popular products are always in stock and ready to ship within 3 days, regardless of quantity. With ReadyStock, you'll know you're getting products with the legendary Symmons durability, quality, and reliability, along with the peace of mind that they'll be there when you need them.

BACKED BY QUALITY

Limited lifetime warranty for residential and 10 years for commercial installations.

Quality is the cornerstone of Symmons; just pick up a Temptrol® shower valve box and you can feel it. Our valves are made with semi-red brass, the same grade of brass used in the marine industry for saltwater corrosion resistance. Our finishes are subjected to rigorous testing to ensure a deep, consistent shine for years to come.

It's easy to stand behind a product with a great warranty when you're 100% confident in the quality, durability, and reliability. Our high standards are part of Our Promise to you.
